

## Automotive Technology -Faculty-

### **Rick Thomas**

(207) 974-4805 | [rthomas@emcc.edu](mailto:rthomas@emcc.edu)

Rick Thomas, a graduate of the Automotive Technology program at EMCC with over 30 years of experience in the industry, chairs the department. Rick holds a master's degree in Education; he is an Evaluation Team Leader for NATEF, a former Chrysler Master technician, and is ASE certified as a Master Automotive Technician with additional certification in L1 Advanced Engine Performance.

### **Christopher Davis**

(207) 974-4803 | [cdavis@emcc.edu](mailto:cdavis@emcc.edu)

Christopher Davis spent the first 17 years of his career working as an auto technician before joining EMCC as an Automotive Technology faculty member. Chris is a graduate of the Automotive Technology program at EMCC. He started out as an apprentice technician, and moved his way up to shop foreman at Rawcliffes Garage, specializing in foreign cars.

Chris is ASE certified as a Master Automotive Technician, with additional certifications in L1 Advanced Engine Performance, X1 Exhaust Systems, G1 Auto Maintenance and Light Repair, and A9 Light Vehicle Diesel engines.

### **Jonathan Kill**

(207) 974-4809 | [jkill@emcc.edu](mailto:jkill@emcc.edu)

Jonathan Kill has over 18 years of experience in the automotive field. Jonathan is a graduate of the GM Automotive Service Excellence Program in Laconia, NH (ASEP). Since his graduation he has been employed by the Quirk family of dealerships as a technician, shop foreman, and superintendent of facilities. Jonathan is a General Motors Gold level technician, and is ASE certified as a Master Automotive Technician with additional certification in L1 Advanced Engine Performance.
