

Phlebotomy Instructor

Eastern Maine Community College is seeking an experienced Phlebotomist to teach Introduction to Phlebotomy. This is a contracted position for 40 hours per semester. The course runs twice per year in the spring and fall semesters.

This class meets for a total of 40 hours plus students attend clinicals for an additional 16 hours. Class is held on Tuesday and Thursday evenings from 6pm to 8pm for 10 weeks. Clinicals are conducted by Northern Light Laboratory at the Eastern Maine Medical Center campus. The maximum class size is 20 students, vetted through an application and interview process.

Qualifications:

Instructor should be certified (ASCP preferred), have experience in the field (5 years with 2-3 in a hospital setting), have some teaching experience, and have taken a formal course in phlebotomy. The instructor should also have the capability to choose a qualified lab assistant to assist during the practical phase of the course.

This position is hired directly through EMCC's Business & Industry department on a contractual hourly basis.

To apply please send your resume, cover letter, and copy of your certification to Shaw Weeks Business Development & Training Coordinator at sweeks@emcc.edu.

Eastern Maine Community College is an equal opportunity/affirmative action institution and employer.
