

Simulation Lab Specialist/Manager

Title of Position: Simulation Lab Specialist/Manager

Bargaining Unit/Salary Range: MEA Administrator; Level III; \$32,991.20 - \$43,046.00

Responsibilities: The Simulation Laboratory Specialist/ Manager has overall responsibility for maintaining the simulation labs at the Bangor campus and supporting EMCC simulations offered at Northern Light Eastern Maine Medical Center. Duties include working collaboratively with the nursing faculty to enhance student learning, maintaining equipment, ordering supplies, running simulations with high- and mid-fidelity manikins and standardized patients, creating simulations, and maintaining the supply stock for the labs. This position is an academic year position (43 weeks/year @ 40 hours/week; typically, the 2nd week of August through the first week of June).

Minimum Qualifications: Bachelor's degree in Nursing, or healthcare. Active professional licensure in the State of Maine, such as RN, NP, or PA required. Minimum of one year working with simulation in an educational institution or equivalent setting; working knowledge of high-fidelity manikins used in simulation; five or more years of experience working as a healthcare.

Preferred Knowledge, Skills and Abilities: Ability to work independently and as a part of a team; IT skills involving software and hardware. Experience working with faculty to develop and implement simulation scenarios

Benefits: Employer paid health, dental and life insurance for employee, Maine State Retirement or TIAA-CREF, and a generous paid time off package.

Application Procedure: Email cover letter, resume, transcripts, and contact information for three professional references to resumes@emcc.edu. Review of application materials will begin immediately and continue until the position is filled.

Institutional Summary: Eastern Maine Community College offers more than 30 traditional and technical programs. The college provides customized, short term, and specialized training courses for a wide variety of businesses, organizations, and the community. We award associates in applied science, associates in science, and associates in arts; certificates; diplomas; and awards of completion for customized, short-term programs, and trainings. The 72-acre campus is located in Bangor, just a short drive from Maine's scenic coast and mountains.

EMCC is dedicated to providing all students with a balanced education focused on problem solving, decision making, communication, social understanding, computer applications, mathematics, and science. Our technology programs include concentrated studies in both technical theory and application in the area of specialization, and all of our programs require liberal arts courses to form the foundation for lifelong learning. Our programs and student support services are designed to develop leadership skills, personal responsibility, teamwork, and appreciation of global complexity.

Eastern Maine Community College is an equal opportunity/affirmative action institution and employer. For more information about this commitment, please call the Affirmative Action Officer at (207) 974-4633.
