@EMCCBangor

The **Experiential Education Program**

builds on the participants' existing teaching experience and credentials.

▶ Student and teacher safety in all projects is a primary focus of the program which also addresses inter-disciplinary curriculum development, assessment strategies for hands-on projects, lab management, and project management.

▶ Graduates will be able to design and implement experiences and activities that address the diverse learning needs of all students. They can also implement learning experiences that foster the development of critical thinking skills.

CAMPUS TOURS AVAILABLE

Call (207) 974-4857 or schedule an appointment on our website.

- EIA-250 **Integrating Technical Literacy and Math Skills into Experiential Education Environments** (3)
- EIA-260 **Authentic Assessment and Evaluation in Experiential Learning** (3)
- ECE-216 **Survey of Exceptional Learners** (3)
- EIA-270 **Methods of Teaching Industrial Arts** (3)

LIVE ON CAMPUS

Did you know that EMCC has TWO residence halls on campus?

Built in 2007, Kineo Hall houses students in "blocks" (two double-occupancy rooms with four people of the same gender) or triple-occupancy rooms. Each is individually climate controlled and shares a common bathroom, with double sinks, a shower and a toilet stall.

Acadia Hall houses students in corridor-style double or triple occupancy rooms.

Rooms range from \$1,850 per semester to \$2,250.

Studies show that students who live on campus not only tend to have higher GPA's, but they are also more likely to complete their education and get more out of their college experience.
