

## Electrician II

**Date Posted:** January 29, 2023

**Title of Position:** Electrician II

**Bargaining Unit/Salary Range:** MSEA Support Unit; Range 18; Starting Hourly Wage: Up to \$23.85

**Responsibilities:** Under limited supervision and in accordance with standard trade practices, performs skilled electrical tasks as a Master Electrician involving the installation, maintenance, alteration, and repair of a variety of electrical systems, life safety systems, and equipment at a college. Persons in this classification may, because of their license, work independently. Assignments are received orally, or in writing and may be accompanied by penciled sketches, diagrams, and blueprints. May oversee/assign work/provide license over helpers. Work is performed under general supervision of Facilities Maintenance Supervisor. This position is part of the Facilities Management team and during inclement weather conditions is considered part of the snow / ice removal rotation.

**Minimum Qualifications:** Associate's degree in Electrical, or Current valid Master Electrician's license as issued by the State of Maine Electrician's Examining Board. Valid Maine driver's license.

**Preferred Knowledge, Skills, and Abilities:** Duties require knowledge of the standard methods and practices of the electrical trade, and knowledge of hand and power tools, materials, and equipment used in the electrical trade. Knowledge of the methods, theories and principles of electricity and electrical systems and of federal, state and local electrical codes and ordinances, as well as the occupational hazards intrinsic to the electrical trade, including knowledge of precautions and safeguards required and safe work practices are essential in performing the duties of the position. Ability to understand and explain technical sketches, diagram and blueprints, to detect and overcome defects and malfunctions in electrical systems, equipment and appliances, to plan and lay out electrical work for others and to direct the work of skilled electricians and helpers. Ability to understand and adhere to college policies, procedures, equipment specifications and safety guidelines in the performance of job duties is required. Skills in the proper use of electrical test equipment are required.

**Benefits:** 100% employer paid health, dental and life insurance for employees (spouse/domestic partner/dependent coverage also available), vision insurance, Maine Public Employees Retirement in lieu of social security; and generous vacation / sick time allowances along with 13 paid holidays, professional development, and free tuition within the MCCS for employee, spouse, and/or dependents. **Note:** Proof of up-to-date COVID-19 vaccination required **prior** to the first day of employment, subject to exemptions recognized by law.

**Application Procedure:** Email cover letter, resume, transcripts, and contact information for three professional references to [resumes@emcc.edu](mailto:resumes@emcc.edu). Position open until filled, and review of applications begins on 02/13/2023.
