

CAREER STUDIES

The Career Studies program is designed to prepare students for various careers and is built on a foundation of general education courses.

emcc.edu/careerstudies

The **Career Studies** program is designed to offer students individualized and flexible programming based on their educational goals.

- This program benefits the student who may have significant transfer credit (including reverse transfer*) without meeting the requirements of another credential of value as well as the student with prior learning and/or substantial work experience for which credit may be awarded.
- Additionally, this program is a great option for the student who has not selected a career or educational pathway (undecided), who is completing two certificate programs, or who may be awaiting entry into another certificate or degree program.

EMCC students enjoy small class sizes, supportive faculty, transferable courses and leadership/engagement opportunities all for under \$4,000/year.

(Most programs, based on 30 credit hours, in-state rate of \$96 per credit hour)

CAREER STUDIES

Associate in Applied Science degree

Prerequisites

AAS Degree: High school level Algebra I required.

Graduates of the Associate in Applied Science degree in Career Studies will be able to recognize and apply appropriate terminology within the chosen area of specialization; describe ethical and responsible behavior relative to the chosen career field; recognize the value of diversity in opinions, values, abilities, and cultures of colleagues and customers in a professional workplace; apply problem-solving skills and quantitative analysis using technology relative to the area of specialization; and utilize appropriate information resources to gather and disseminate technical information within the chosen career field.

Thinking about transferring to a four-year institution? Check out the Associate in Arts degree in Liberal Studies. This program is designed for the student who wishes to start at EMCC and transfer all credits towards a bachelor's degree at a four-year university. For additional information, contact the Admissions Office!

Elective Communications (100 level or higher in all instances) (3)

Elective Humanities or Social Science (6)

Elective Mathematics or Science (6-7)

Elective General Education (3)

▶ **TOTAL AAS DEGREE CREDITS** 60-63

*Reverse transfer is a process where academic credits for course work completed at a four-year university are transferred back to the previously-attended community college to satisfy associate degree requirements. Through reverse transfer, a student's achievements are recognized with an associate degree after they have transferred to a four-year school and have accumulated the credits needed to fulfill the two-year degree program requirements.

*Benefits of reverse transfer:

- Graduates will have two degrees on their resumes, more accurately reflecting their skills and training over time.
- Students who do not complete a four-year degree would still have a credential, helping with career goals.

We have TWO residence halls on campus!

Kineo Hall houses students in "blocks" (two double-occupancy rooms with four people of the same gender) or triple-occupancy rooms. Each is individually climate controlled and shares a common bathroom, with double sinks, a shower and a toilet stall.

Acadia Hall houses students in corridor-style double or triple occupancy rooms.

A meal plan is mandatory for anyone living in residential housing on campus.

Studies show that students who live on campus not only tend to have higher GPA's, but they are also more likely to complete their education and get more out of their college experience.

Visit www.emcc.edu/housing to learn more.
Apply early, space is limited!

Still in high school? Concurrent enrollment agreements with many high schools and technical education centers are available. Information can be found online at:

www.emcc.edu/academics/programs/early-college

Did you graduate from high school in 2020, 2021, 2022, or 2023 or will be graduating in 2024 or 2025?

Then you may qualify for the Maine Free College Scholarship at EMCC!

Did you know EMCC has its own foundation?

Each year, our Foundation gives out over \$100,000 in scholarships to EMCC students. Visit emcc.edu/foundation to learn more and apply.
