

EMERGENCY MEDICAL SERVICES

This program is for individuals who want to work with ambulance services, rescue squads, fire services, and other first responder organizations.

emcc.edu/EMS

The **Emergency Medical Services** program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

- Graduates with the Associate Degree in Emergency Medical Services will function, following completion of the State and National testing requirements, as entry-level paramedics for ambulance and rescue squads.
- Graduates with the certificate will function as entry-level Advanced EMT's. The program augments a nationally recognized technical core with general education courses, and is typically taken on a part-time basis over three to four years.

EMCC students enjoy small class sizes, supportive faculty, transferable courses and leadership/engagement opportunities all for under \$4,000/year.

(Most programs, based on 30 credit hours, in-state rate of \$96 per credit hour)

CRIMINAL BACKGROUND SCREENING

Individuals offered admission to the Emergency Medical Services program, will be required to submit to a national criminal background screening, at a minimum cost of \$75 (may be higher), within 30 days of acceptance. Applicants who have engaged in any activity or behavior which may be considered abuse, neglect or exploitation of a minor or of an incapacitated or dependent adult, or who has been convicted of any crime involving fraud or dishonesty, or drugs, or for which imprisonment of one year or more has been imposed are urged to seek clarification regarding program completion requirements from the Director of Admissions.

We have TWO residence halls on campus!

Kineo Hall houses students in "blocks" (two double-occupancy rooms with four people of the same gender) or triple-occupancy rooms. Each is individually climate controlled and shares a common bathroom, with double sinks, a shower and a toilet stall.

Acadia Hall houses students in corridor-style double or triple occupancy rooms.

A meal plan is mandatory for anyone living in residential housing on campus.

Studies show that students who live on campus not only tend to have higher GPA's, but they are also more likely to complete their education and get more out of their college experience.
