

Individual Program Transfer Articulation Agreement
 Between the Maine Community College System acting by and through
 Eastern Maine Community College
 And the University of Maine System acting by and through
 The University of Maine
 For Transfer From
 Associate in Applied Science in Emergency Medical Services
 To
 Bachelor of University Studies, Leadership Track

This Transfer Articulation Agreement is governed by the general Transfer Articulation Agreement Memorandum of Understanding between Eastern Maine Community College (EMCC) and the University of Maine (UMaine). Current students and graduates who have been enrolled in or earned the identified degree from EMCC and are admissible to the University shall be eligible for credit evaluation under the terms of this agreement.

Admissions requirements: Successful Completion of the Associate in Applied Science in Emergency Medical Services and a complete application for admission.

Scholarships and Financial Aid dates: Applying before June 1st for a fall entry allows students to be considered for transfer merit awards. June 1st is also the on-time FAFSA filing date for fall transfers.

Side by Side Course Equivalency Table as April 2023

Identifies how courses in the Associate in Applied Science in Emergency Medical Services at EMCC transfer to the Bachelor of University Studies, Leadership Track at UMaine when the required grade is earned in each course, minimum C- (C for English Composition). Students interested in the other tracks in the Bachelor of University Studies (Labor Studies, Maine Studies, or the Self-deigned track) should contact Barbara Howard at UMaine to discuss the best sequence of courses to take to prepare to transfer.

EMCC Emergency Medical Services courses:		Cr	UMaine Transfer Equivalent:		Cr
EMS 131	Emergency Medical Technician	7	KPE 100E	Kinesiology & Phys Ed Elective	7
EMS 201	Fundamentals of Emergency Medical Services	3	KPE 100E	Kinesiology & Phys Ed Elective	3

	Credits	23		Credits	23
	Total Credits:	66.5		Credit Transfer Totals:	66.5*

A minimum grade of C- (or C for English Composition) is required for transfer credit to be awarded.

@ satisfies a UMaine General Education Requirement.

*Initially 9 credits will be awarded on the student's transfer credit report for EMS courses completed at EMCC and then after meeting with the Bachelor of University Studies academic advisor, the remaining 34.5 will be accepted towards the Bachelor of University Studies/Leadership Track at UMaine. Please note that waiving the 9-credit limit for EMS courses applies only for the Bachelor of University Studies/Leadership Track degree at UMaine.

Special Notes:

*Students should select only one course in each of the UMaine general education categories of Artistic & Creative Expression, Western Cultural Tradition, and Social Context & Institutions when choosing their EMCC Restricted Electives.

For the purposes of this specific articulation agreement, UMaine is making an exception to the general transfer rule that limits the total number of EMT/Paramedic transfer credits from courses identified as KPE 100E, KPE 200E or KPE 300E in the online transfer equivalency tool to a total of 9 credits. This agreement accepts the above listed 43.5 EMS credits included in EMCC's Associate in Applied Science in Emergency Medical Services degree as transfer credits and applies them only to the Bachelor of University Studies, Leadership Track. Initially up to 9 credits will be awarded upon admission, per standard UMaine policy. After a student meets with the BUS academic advisor, the advisor will approve the credits for the remaining successfully completed EMS courses (up to 34.5 hours) and they will be posted to the student's transfer credit report. Students who transfer to other Bachelor of University Studies tracks or UMaine degree programs will no longer qualify for this exception, and will accordingly have all credits awarded beyond the standard 9-credit limitation revoked.

Courses taken at EMCC in which the student did not earn the required grade to satisfy either transfer credit or degree requirements would need to be retaken at either UMaine or EMCC in order to earn the grade needed to count toward the degree at UMaine. Once enrolled at UMaine, the student would need to seek permission from his or her advisor and complete a domestic study away form to alert Student Records if they plan to take any courses at EMCC.

Suggested course sequence for the last 4 semesters at UMaine as of April 2023

For those who have earned their associate degree in EMCC's Associate of Applied Science in Business Management / Transfer Option - courses may vary for students who transfer before earning their associate degree.

Semester 5		Cr	Semester 6		Cr

	Credits	15		Credits	12
	Total Credits at UMaine				55

*General Education Requirement courses and Electives do not have to be taken in the order shown. Student may also choose to meet general education requirements by taking additional courses at EMCC that have been identified as meeting UMaine's general education requirements or they may choose to take them during May term, Summer session or January term at UMaine. @Meets a General Education Requirement at UMaine.

Degree Requirement Notes:

Total minimum degree credit hours required for the Bachelor of Science in Business Administration in Management is **120 credits** consisting of specific degree requirements, specific elective requirements, and general education requirements.

Students in the Bachelor of University Studies Leadership track are encouraged to select up to two additional areas of focus that will complement their Leadership Studies interests. The identification of

those areas may be done in the UST 100 course which they take in the first semester at UMaine. These areas of focus reflect a curriculum that will align with the student's educational goals.

Students hoping to take some, or all of their courses online should bring this to the attention of their advisor early on in the program. Decisions made regarding curriculum areas when taking UST 100 will determine what portion or if all of the program can be done online.

Transfer students will be accorded the same standards and criteria for admission to a major degree sequence as UMaine students. All applicants accepted to UMaine's baccalaureate programs must fulfill the graduation requirements as identified in UMaine's academic catalog. For up-to-date degree information please check UMaine's online catalog at <http://catalog.umaine.edu/>. The most recent transfer credit equivalency information is available through the online transfer equivalency listing located at <https://peportal.maine.edu/>. See appendix A for complete degree requirements.

Appendix A

University of Maine Bachelor of University Studies, Leadership Track

Bachelors of University Studies Leadership Track Degree Requirement Plan

The Bachelor of University Studies (B.U.S.) is UMaine's degree completion program for busy adults. Many adults who have some higher-education experience but no bachelor's degree find that life circumstances or interests make a traditional major and/or on-campus study difficult. Often family, job, and other responsibilities do not allow for full-time study. For these students, the Bachelors of University Studies program provides an excellent opportunity to develop a program of study that encompasses their interests and makes maximum use of their existing transfer credits. The program is also available in an online format to accommodate the needs of working adults.

In their first semester, Bachelors of University Studies students take a required (online) one credit course-UST 100: Introduction to University Studies-in which they have a chance to explore their goals, refresh their knowledge about essential resources and college success skills, explore the UM curriculum, and draft a proposed plan of study, either self-designed using existing UMaine courses or with one of the existing tracks listed above.

Students work with an advisor to articulate their goals leading to specific educational outcomes that will work well with their current life circumstances. Maintenance of a 2.0 GPA is required to remain in good standing as a degree candidate.

Program Requirements:

Required Courses (7 credits) *

- [UST 100: Introduction to the Bachelor of University Studies](#) Credits: 1
 - Offered in an online format
 - Grade of C or better required
- [UST 300: Core Course in University Studies](#) Credits: 3
 - Meets upper level Writing Intensive in the major Gen Ed requirement
 - Grade of C or better required
- [UST 499: Senior Capstone](#) Credits: 3
 - meets General Education Capstone requirement
 - Grade of C or better required

Leadership Studies Track, available fully online, 24 credits*

Faculty Coordinator: Richard Powell

Required Courses (12 credits) *

LDR 100: Foundations of Leadership (online) – Meets Social Context & Institutions Gen Ed Requirement
