- **Clinicals:** 180 total hours

Your EMS Career Pathway

- **Start here:** Earn your Advanced EMT Certificate and build the skills to respond in real emergencies.
- **Keep going:** Apply your certificate credits toward EMCC's **EMS Associate Degree** for broader career options.
- **Go further:** Continue on to Paramedic licensure or transfer your degree to a four-year program in emergency services, healthcare, or public safety.

The Emergency Medical Services program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

- **Prepare for careers where every second counts.** The AEMT certificate provides the advanced training and hands-on experience needed to respond confidently on ambulances, fire services, and first responder teams.
- **Advance your credentials and your career.** Build on your EMT foundation with nationally recognized training that elevates your skills, expands your career options, and prepares you for the next step toward Paramedic licensure.
