AMERICANS WITH DISABILITIES ACT: COMPLIANCE STATEMENTS AND COLLEGE CONTACTS

Eastern Maine Community College does not discriminate on the basis of disability in the admission to, access to, or operations of its programs, services or activities. Eastern Maine Community College does not discriminate on the basis of disability in its hiring or employment practices.

In accordance with Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, the College is committed to providing access to students with disabilities who are otherwise qualified so that they are granted their civil right to an equal opportunity to learn and achieve as they work towards their individual academic goals. Upon request and documentation, the College provides otherwise qualified students with reasonable accommodations so that their access to their courses, their texts and their tests is as equivalent as possible to the access provided to any student.

Students with disabilities may request reasonable accommodations by contacting the Director of Student Learning Support to schedule an intake meeting. The Director's office is located in room 123 of Maine Hall. The College's ADA Compliance Officer may be contacted at (207) 974-4868 or at Emccaccess@mainecc.edu.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.)

These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Eastern Maine Community College (EMCC) receives a request for access. A student should submit to the registrar, academic dean, or vice president a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask EMCC to amend a record should write to the College Registrar, Hope Holyoke at hholyoke@mainecc.edu, the Vice President, Elizabeth True etrue@mainecc.edu

or the Academic Dean, Lynn Hunter lhunter@mainecec.edu; clearly identify the part of the record the student wants changed and specify why it should be changed.

If EMCC decides not to amend the record as requested, EMCC will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before EMCC discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

EMCC discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by EMCC in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of EMCC who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for EMCC.

Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

- 4) The college may disclose certain education records without a student's prior written consent under the FERPA exception for directory information. Directory information includes:

- a student's full name;
- hometown;
- permanent address;
- assigned college email address;
- date of birth;
- the fact that a student is or was enrolled;
- enrollment status (e.g., full-time, half-time or less than half-time);
- class level and majors/minors; dates of attendance; degrees, honors or awards received;
- cumulative credit hours;

- participation in officially recognized activities and sports; and photographs.

Students may request that their directory information be withheld by contacting the Registrar and completing the appropriate form. If you request that your public directory information be suppressed, then any request from parents, relatives, friends, student organizations, and all others who may wish to contact you will be denied. Only in emergency situations will we release information concerning your whereabouts to other than those persons authorized under the Act. See the list below of the disclosures that postsecondary institutions may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

- To other school officials, including teachers, within [School] whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State- supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))

- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§ 99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- Information the school has designated as “directory information” under § 99.37. (§ 99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school’s rules or policies with respect to the allegation made against him or her. (§ 99.31(a)(14))
- To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

5) The right to file a complaint with the U.S. Department of Education concerning alleged failures by EMCC to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Student Privacy Policy Office
U.S. Department of
Education 400 Maryland
Avenue, SW Washington, DC
20202

Students may submit a FERPA waiver form allowing the college to share specific records with specific individuals by adjusting their settings in their student profile in the portal.

TRANSPORTATION

EMCC has contracted with Bangor Area Transportation (BAT) to provide students with Free Bus Transportation for the academic year. Students will need to show their current student ID to use this service.

The BAT bus stops on its regular route at Eastern Maine Community College. The BAT stops near Katahdin Hall at five before the hour from 6:55 a.m. to 5:55 p.m., Monday through Friday. To contact the BAT, call 992-4670. You may also visit the BAT at www.bangormaine.gov or send an e-mail to BAT@bgrme.org.

VENDING MACHINES

All campus buildings, except Katahdin Hall and the Public Safety Building, have snack and drink vending machines. Concerns or problems with the vending machines should be addressed to the Eastern Maine Community College Business Office, located in Maine Hall.

ACTIVITIES, CLUBS AND ORGANIZATIONS

Student clubs and organizations are overseen by the Director of Student Engagement and Residential Life. Students interested in organizing a group or club should contact the Student Life Office (Maine Hall 126) for a packet outlining the process to do so. The packet of materials is also available on MyEMCC under the Campus Life tab.

Clubs and student organizations must select a faculty/staff advisor and report the advisor's name to the Student Life Office. The advisor will be a faculty or staff member at the College unless another person is approved by the Vice President of Student Affairs and Dean of Students or their designee. The organization must create membership policies, identify a mission, and organizational processes, which will then be reviewed for approval by the EMCC Student Senate.

All clubs and organizations are responsible for budgeting, managing their fiscal activities, and for adhering to College fiscal policies including the purchasing policy. All club and organization funds are deposited to a separate student activities account by bringing deposits to the Business Office. All check requests with purchasing forms and related purchasing documents such as invoices should be brought to the Business Office for review, approval and processing. Requests for checks should be submitted to the Business Office for processing at least one week in advance of the date needed. It is appropriate to request money from the Student Senate for club activities.

STUDENT SENATE

EMCC's Student Senate meets regularly to develop policies and procedures to advance other student clubs and organizations, plan and host campus-wide programs, provide guidance and recommendations for expenditures of student activities funds, and serve as a student advocacy voice to the College administration. Membership and participation in the Senate are open to all matriculated students. Officers of the Senate are elected by the Senate membership each spring.

RECREATION

The Johnston Gym is scheduled for general use, with hours subject to change according to facility use and availability. Activities offered to students at the gym include volleyball, basketball, indoor soccer, and dodgeball. We also feature a weight room with free weights and various strength machines, in addition to cardio equipment to meet a variety of fitness needs. Outdoor facilities include a soccer field, an outdoor volleyball area behind Acadia Hall, and winter access to cross country trails. Gym usage is free to all EMCC students with their EMCC student ID. Students are allowed to bring one guest with them free of charge. All others must pay \$2.00 per visit. All users must present a valid photo ID.

STUDENT ACTIVITY POLICY

Eastern Maine Community College recognizes the importance of student activities as an integral part of the educational process and supports the development of activities for all students with assistance from professional staff, equipment, facilities, and funding where appropriate. Eastern Maine Community College students have opportunities to expand leadership skills, practice civic mindedness, develop lifelong physical fitness habits, be exposed to new social and cultural settings, experience athletic competition, and apply academic theory to real world situations.

While every attempt is made to schedule activities when classes are not in session, inevitably conflicts will arise. It is the intention of the college that students be permitted to participate in school-sponsored activities without any explicit academic penalty. However, the college also recognizes that without careful guidance, missing lectures or laboratory time could adversely affect learning, and could result in a declined academic standing.

Students who travel representing Eastern Maine Community College, with or without an advisor, must complete all necessary paperwork with the advisor.

CAMPUS CRIME REPORTING

In compliance with the Student Right to Know and Campus Security Act, which was signed into law in November 1990, Eastern Maine Community College is required to make available to all prospective students and employees' information regarding crime statistics on the College campus and all off-campus locations. This information is available in the Safety and Security Office and on the EMCC website at <https://www.emcc.edu/student-life/resources/safety-security/crime-report//>

To report a crime, contact the on-duty security officer at 207-745-6090. In the event of an emergency, dial 911 from a campus phone or 911 from your own phone. State the nature of your emergency, your location, building, and your name. Then notify Security at 207-745-6090.

CAMPUS SECURITY

Campus Security is available 24 hours per day, 7 days per week. Should you require assistance or need to report an incident or suspicious event, contact 745-6090. If the situation is an emergency, call 911 then notify Security at 207-745-6090.

CANCELLATION OF COLLEGE ACTIVITIES AND EMERGENCIES

The College will be open unless conditions on campus present an unsafe or adverse environment for students and employees. The decision to cancel classes and activities and close the campus lies with the leadership of the institution. The decision applies to the college campus and all Center locations.

The college leadership will determine if college campus conditions warrant the delay or cancellation of normal activities and operations whether it is day, evening or weekend. Each Center is responsible for implementing the decision and for ensuring the local radio and television stations have been notified. The Center is also responsible for placing the proper notification on telephone answering systems and websites in the event of inclement weather. Classes held in local high schools or other educational centers will be cancelled if the high school/center is closed due to inclement weather or other emergency.

- **OFF-CAMPUS CLINICALS**: Clinicals at surrounding medical facilities will be cancelled if the College closes unless the faculty have made other provisions.
- **BUSINESS SERVICES CAMPUS-BASED TRAINING**: Cancelling customized training will be determined on a case-by-case basis by the Director of Workforce Development in consultation with the Director of Finance and the President.
- **EXTRACURRICULAR ACTIVITIES AND TRAVEL**: If the College is closed, **all** activities and travel are cancelled.

STUDENT NOTIFICATIONS: All students are notified of the delay or cancellation of normal activities and operations by the Emergency Alert System (RAVE). All notifications are posted on the website at www.emcc.edu, announced on all radio stations, posted to all television cancellation systems, and posted to the EMCC storm line phone 207-974-4899.

FOOD SERVICES: Food Services will use brunch/buffet style offerings during closures. In unusual circumstances, resident hall deliveries will be provided with approval from the Vice President and Dean of Students or the Director of Student Engagement and Residential Life.

TIMING OF DECISIONS: Decisions to close the College and/or College Centers for the day will be made prior to 5:30 a.m. Cancellations after classes have started will be as follows: afternoon class cancellation prior to 10:00 a.m. and evening by 3:00 p.m. If classes are cancelled for the day, they will also be cancelled for the evening. Some emergencies are not predictable and each will be handled on a case-by-case basis.

DELAYED OPENINGS: Depending on conditions, the College may choose to delay the beginning of classes. Delayed openings will be consistently applied and include the following times: 10 a.m., 12 noon, 2 p.m., 4 p.m. and 6 p.m. Delayed openings will be handled as if the College is in full operation for the entire day. For example, if a delayed opening is at 10:00 a.m., students and employees are to report to the activity normally scheduled at 10:00 a.m. Regardless of the beginning or end time of the class, if it is normally in session at 10:00, students and faculty will report to that class.

CHEM-FREE CAMPUS AND RECOVERY FRIENDLY WORKPLACE

CARE TEAM

The mission of the CARE Team at Eastern Maine Community College is to take a proactive and collaborative approach to identify students who are struggling or exhibiting concerning behaviors and provide early intervention support, resources, and referrals. The CARE Team's primary focus is to promote and protect the safety, wellbeing, and success of every student and college employee. The

Team will achieve the greatest success when all members of the campus community share in this responsibility. No matter what your role is within the campus community, the CARE Team wants to hear your concerns about issues that impact the safety and wellbeing of our students. Your communication with us is vital to our ability to protect and provide assistance to students. Situations to report might range from noticing that a friend is struggling with mental health issues to disruptive behaviors in the classroom to hearing about a student threatening another party. If you witness or learn of something that is out of the ordinary or leaves you concerned, please complete a referral.

All referrals will be initially viewed by the Co-Chairs of the CARE Team, the Vice President and Dean of Students and the college counselor. After the initial review, it will be decided which member of the CARE Team will discreetly gather further information and follow-up if indicated. All CARE Team members are mindful of students' privacy and take confidentiality very seriously.

You can make a referral by completing and submitting the online CARE Team Referral Form. Direct links to the form can be found on the EMCC website, under the Student Life tab here:

<https://www.emcc.edu/student-life/resources/care-team/> and on the homepage of EMCC's Sharepoint site, MyEMCC. If you have questions about making a referral, please contact the VP and Dean of Students (207-974-4673) or the campus counselor (207-974-4858).

Under the Solomon Amendment enacted in 1996, the College is required to provide directory type information for students at least 17 years of age upon request of representatives of the Department of Defense for military recruiting purposes.

The Office of Institutional Research makes available the student's name, class, major, home address and local address as well as telephone numbers. Students may request that their current year's directory information be suppressed from public distribution by contacting the Registrar and completing the appropriate form no later than September 30 (January 31 for those students beginning their program of study in January) of the current school year.

If you request that public directory information be suppressed, then any request from parents, relatives, friends, student organizations, and all others who may wish to contact you will be denied. Only in emergency situations will we release information concerning your whereabouts to other than those persons authorized under the Act.

SALES AND SOLICITATION – FUNDRAISING BY STUDENTS OR EMPLOYEES

Solicitation or promotion of any product, service, or idea for personal or business gains are prohibited without the express written permission of the Office of Academic and Student Affairs. Permission, when granted, is for designated areas within the College and is subject to the restrictions imposed.

The EMCC Foundation is responsible for oversight of all college fundraising. Students and employees wishing to conduct fundraising on or off campus will consult with that office, prior to conducting any fundraising, to determine if the proposed activity is in conflict with official college or Foundation fundraising efforts. Anyone wishing to raise funds will complete the Application for Fundraising Activities Form, which is available in the Advancement Office. Any changes in fundraising plans must be reported to the Advancement Office immediately.

Fundraising and solicitation of employees and students on Eastern Maine Community College campus or Centers is allowed only in non-working/classroom areas such as staff/faculty lounges, break areas, the dining area and student lounges during non-working/classroom hours. General distribution of personal materials/magazines/flyers may occur during non-working times (including paid breaks) provided the distribution is not disruptive. The use of individual faculty/staff mailboxes and student mailboxes for commercial solicitation is prohibited unless postage has been paid and delivery is through the U.S. Postal

System. Businesses offering discounts or other benefits to EMCC employees and/or students may apply to the Student Life Office for permission to place printed materials on campus.

The placement of displays, literature racks, flyers, promotional material, etc. by outside organizations requires the approval of the Student Life Office. Unauthorized materials may be removed and discarded without notice.

STUDENT POLICIES AND GUIDELINES

POLICIES AND PROCEDURES PROHIBITING AND RESPONDING TO COMPLAINTS OF SEXUAL HARASSMENT, SEXUAL ASSAULT AND OTHER SEX-BASED CONDUCT, RELATIONSHIP VIOLENCE, AND STALKING

Sexual harassment, a form of sex discrimination, is a violation of state and federal law and a violation of [MCCS policy 202](#) when engaged in by employees or students. As described herein, the federal definition of “sexual harassment” under Title IX of the Education Amendments of 1972 is substantially broader than the state definition and includes sexual assault, dating and domestic violence and stalking. This policy is also violated when students or employees engage in conduct defined by state law as sexual violence, intimate partner violence and stalking.

MCCS PROCEDURE 202.2: The purpose of this Procedure is to define and to describe the reporting, investigation and adjudication procedures that govern MCCS’ handling of allegations of sexual harassment as defined by Title IX of the Education Amendments of 1972, and allegations of sexual violence, intimate partner violence and stalking as defined by state law, and to provide guidance on the application of those procedures. This Procedure applies uniformly to conduct constituting sexual harassment, including sexual assault, dating violence, domestic violence and stalking as defined by Title IX, and sexual violence, intimate partner violence and stalking as defined by Maine law. These categories of conduct are collectively referred to herein as “prohibited conduct.”

As set forth in MCCS Policy 202, under Title IX, discrimination in the form of sexual harassment is conduct, on the basis of sex, that effectively denies a person equal access to an MCCS educational program or activity. That conduct might be (a) quid pro quo; (b) unwelcome conduct that a reasonable person would deem severe, pervasive, and objectively offensive; or (c) sexual assault, dating violence, domestic violence, or stalking. Under applicable Maine law, acts of dating and domestic violence are collectively defined as “intimate partner violence,” and sexual offenses, including sexual harassment, are collectively defined as “sexual violence.” Stalking also has differing definitions under Title IX and state law. This Procedure governs all conduct within its scope and its contents are mandated by federal and state laws. It is not a substitution for the criminal justice process.

This procedure 202.2 can be found [here](#)

TITLE IX

Eastern Maine Community College does not discriminate on the basis of sex in the educational program or activity and is required by Title IX not to discriminate in such a manner, including in the admissions and hiring processes.

Inquiries may be directed to the EMCC TIX Coordinator, to the [Assistant Secretary of the Department of Education](#), or both.

Eastern Maine Community College does not discriminate as proscribed by federal and/or state law on the basis of race, color, religion, national origin, sex, sexual orientation, including gender identity or expression, age, genetic information, disability, marital, parental or Vietnam era veteran status in specified programs and activities. Inquiries about the College's compliance with, and policies that prohibit discrimination on, these bases may be directed to TitleIX@emcc.edu.

MCCS Confidential Resource Advisor

A Confidential Resource Advisor (CRA) is a valuable source of information for emergency and ongoing support services, available to both students and employees. Seeking services from a CRA does not constitute a report, complaint or notice to the college of the alleged misconduct and does not initiate any action by the college. Further, the CRA is prohibited from reporting the incident to the college or law enforcement unless required to do so by law or requested by the person seeking services.

MAINE COMMUNITY COLLEGE SYSTEM - STUDENT CODE OF CONDUCT

The College requires students to conduct their affairs with proper regard and mutual respect for the College and the members of its community. In seeking to encourage responsible conduct, the College will rely upon counseling and admonition. When necessary, the College will use this Code in a prompt, fair and impartial manner to: 1) ensure the orderly administration of the College's academic, athletic and social offerings; 2) secure the opportunity of all students to pursue peacefully their educational objectives; 3) protect the health, safety and welfare of the College and the members of its community; and 4) maintain and protect the real and personal property of the College and the members of its community. This Code applies in addition to other College and System policies and regulations, local ordinances, and state and federal laws. Students whose conduct violates those authorities may also be subject to their sanctions and penalties. Finally, the Residence Hall Agreement between a student and the College imposes similar but additional responsibilities and obligations, and students whose conduct violates both that Agreement and this Code may be disciplined by the College under either or both.

The Maine Community College Student Code of Conduct can be found [here](#).

DRUG AND ALCOHOL GUIDELINES

DRUGS AND ALCOHOLIC BEVERAGES

Eastern Maine Community College is invested in the health, safety, and academic success of its students.

Those students who repeatedly abuse or are dependent on chemicals are likely to exhibit learning difficulties directly connected to their use of drugs or alcohol. Not only is motivation for learning altered, but there can be significant impairment in the ability to process information presented in class, and to recall important information later as needed.

Absenteeism, tardiness, diminished quality of assignments, trouble with peers in the classroom, hostility towards staff persons, inappropriate appearance, or other behaviors may demand attention and hinder student progress. Some students, if not helped, are at risk for academic failure due to their inability to perform academically, inappropriate behavior in the residence halls and at college functions, or involvement with law enforcement agencies.

All students should be familiar with and are subject to the Maine State laws, the Eastern Maine Community College policies, and the Eastern Maine Community College Student Code of Conduct pertaining to the possession and consumption of alcoholic beverages and other drugs. Violations of the laws, codes, or policies may result in referral to the alcohol and drug awareness program; termination of residence hall contracts; disciplinary action, including possible dismissal from the College; restriction from participating in students' school programs; and/or legal action.

Although Eastern Maine Community College neither condemns nor condones drinking alcoholic beverages by legally-sanctioned adults, it is concerned that those choosing to drink do so within the confines of Maine State Law and college regulations, and with the understanding of potential consequences. The

College also affirms the right of individuals to choose not to drink alcoholic beverages, and the right to be socially supported by the college community for making that choice. Individuals using illegal drugs (including alcohol for those under age 21), or abusing legal drugs, will not be exonerated from the legal consequences of their action. Individuals are expected to assume responsibility for their behavior while drinking or using any drug and must understand that being intoxicated or impaired in no way lessens their accountability.

ALCOHOL, TOBACCO, AND DRUGS POLICY MCCS 804 and 806 EMCC 804

On January 4, 2014, Eastern Maine Community College prohibited tobacco use and smoking on all college-owned grounds becoming a chemical free campus in alignment with Maine Community College policies #804 and #806, Drugs and Alcohol policy and Smoking and Other Use of Tobacco policy, respectively. Eastern Maine Community College accepts federal funding and prohibits the use, sale, distribution of federally regulated drugs and substances. **The possession, use, sale, manufacturing, or distribution of tobacco, alcohol, or illicit drugs, including medical and recreational marijuana, is strictly prohibited in or on College property, including buildings, parking lots, grounds, and vehicles on those grounds, unless specifically authorized by the College.** Illicit implies the illegal use of drugs that have been classified as illegal because they pose a threat to one's health and in some cases, their life. This also includes prescription drugs that are not used according to doctor's instruction or by the person for whom it was prescribed. Students who fail to comply may be fined or referred for disciplinary action under the Student Code of Conduct. Employees who fail to comply may be subject to disciplinary action as outlined in the Collective Bargaining Agreements (CBA). Others who fail to comply may be removed from College property. Annually, the college informs employees and students about the dangers of drugs and alcohol; the availability of resources such as counseling, rehabilitation, and employee assistance programs; and penalties that may be imposed for abuse violations by way of paper documents and posters, the catalog and student handbook, electronic methods and social media platforms. The offices responsible for the distribution are the Human Resources and Student Life offices.

Additional Eastern Maine Community College Rules Governing the Use and Possession of Alcoholic Beverages and Controlled Substances

1. Students and their guests are not permitted to possess and/or consume alcoholic beverages, regardless of age, anywhere on the Eastern Maine Community College campus, or at any college-sponsored activity off-campus such as sporting events and student conventions. This applies to any and all functions open to the public such as entertainment, dances, athletic events, and any out-of-doors activities on any part of the campus. This policy also applies to the residence halls where compliance with the section of the Alcohol and Drug Policy is the joint responsibility of the room occupant(s) and any visitor(s). The College President may decide to lift this restriction for special events.
2. Intoxication on campus will not be tolerated. Any person who is suspected to be "under the influence" (as described in part three) may have disciplinary action taken against him/her.
3. Due to the statistics concerning drinking and driving and the strict drunk driving laws in the State of Maine, Eastern Maine Community College is committed to preventing intoxicated persons from driving. Eastern Maine Community College students, staff, and faculty members are encouraged to do everything possible to prevent an intoxicated person from driving.
4. Commuters and other guests who visit the residence halls are expected to be familiar with and follow all rules and regulations in place.

5. Students who appear unable to safely use dangerous equipment in their respective technology labs or shops will be asked by faculty to leave the area and may be required, at the request of the faculty, to meet with a professional counselor for further assessment before being allowed to return to the shop or lab.
6. Those students who are having problems as a result of their use of alcohol and other drugs are offered referral services through the Office of Academic and Student Affairs. Services may include educational programs, individual or group counseling, or referral for formal treatment (if needed). The goal is to help students resolve the use of alcohol and other drugs that interfere with academic and personal progress at Eastern Maine Community College. However, participation in such programs does not free students from any sanctions that would normally be imposed. In addition, students who continue to violate the Eastern Maine Community College Alcohol and Drug Policy, despite participation in these services, face serious sanctions including dismissal from the residence halls and dismissal from the College.
7. Parents of resident students under the age of 21 will be notified of any violations of the alcohol and drug policy in writing by Residential Life staff.
8. Intoxication, on or off campus, resulting in police or security officer intervention, will lead to disciplinary sanctions by Eastern Maine Community College.
9. Consumption, usage, storage and/or sale of alcohol in one's room in the residence halls or on campus is a violation of the housing contract and may cancel one's housing contract.
10. Consumption, usage, storage and/or sale of illegal drugs in one's room in the residence halls or on campus is a violation of the housing contract and will cancel one's housing contract.
11. Intoxication will not be accepted as a defense or as an excuse for disorderly conduct and/or damage to property on campus.
12. Resident Directors, Resident Assistants, and members of the Eastern Maine Community College administration or designee have the right to inspect bags or packages on campus that they suspect may contain drugs and/or alcohol.
13. Residents are not allowed to store or display containers (full or empty) of alcohol in their rooms in the residence halls, nor display other alcohol/drug paraphernalia in the windows or on the doors of their rooms.
14. No possession or consumption of controlled substances is permitted on campus in accordance with state laws.

PART 3 — Explanation of Disciplinary Action Taken as a Result of Violations of the Alcohol and Drug Policy

Students exhibiting one or more signs or behaviors which are indicative of alcohol or drug use will be considered "under the influence." These include, but are not limited to, an odor of alcohol or marijuana; slurred speech; glassy or bloodshot eyes; a staggering or unsteady gait; a loss of fine motor skills; loud or disruptive behavior, including complaints from faculty, staff, the public, or other students; and/or swearing or disorderly conduct.

Students found in violation of the Alcohol and Drug Policy, Maine State Law and/or local ordinances may result in one or more of the following:

1. fined a fee which will be used to sponsor alcohol-free events for all students.
2. prohibited from attending any school-sponsored activities or events.
3. required to seek educational assistance, if academic status indicates a need.

4. required to meet with an off-campus professional counselor for a confidential evaluation of his/her alcohol or other drug use.
5. parents of students under the age of 21 WILL BE NOTIFIED of the violation, in writing, by Resident Life staff.

Students found in violation of the Alcohol and Drug Policy, Maine State Law and/or local ordinances will result in one or more of the following:

1. required to participate in an alcohol and drug educational program
2. required to attend activities sponsored by the Student Life Department
3. required to write a detailed Success Plan outlining personal and professional goals and the measures needed to achieve them
4. required to do community service

GUESTS

Students are responsible for their guests' behavior; therefore, if students allow their guests to bring alcohol on campus, they will be subject to the same disciplinary action as if they violated the Alcohol and Drug Policy themselves. Non-resident guests who are in possession of alcohol or other drugs on campus property will receive a written and/or verbal warning and will be prohibited from campus property for a minimum of one year. If they return to the campus during that year, they will be charged with criminal trespassing.

Eastern Maine Community College recognizes the importance of an educational component to the Alcohol and Drug Policy. Therefore, minor violations will be handled according to those disciplinary actions outlined above, providing the opportunity for guidance, assistance and additional education for students. The College reserves the right to immediately cancel housing contracts, as well as implement further sanctions for major violations of this policy.

HOW TO SEEK HELP FOR A COLLEAGUE OR STUDENT ABUSING ALCOHOL OR OTHER CHEMICALS AT EASTERN MAINE COMMUNITY COLLEGE

Eastern Maine Community College endorses a drug-free environment for its students, staff, and faculty while recognizing that there are members of our community struggling with alcohol and drug abuse. Acknowledging that means providing channels through which persons in our community abusing drugs (including alcohol) at work, in class, in College housing, or during Eastern Maine Community College social events, may be directed toward receiving assistance in dealing with their problem. Therefore, it is recommended that members of the campus community being negatively affected by another's abuse of drugs or alcohol, (i.e., in class, in the office, in a residence hall room, or on the shop floor) choose one of the options listed below to address this issue:

- Speak directly to the person about your concern regarding his/her chemical abuse with encouragement for this person to seek help. For specific information about an effective approach, the Student Life Office has resources available. Informational brochures are available in the Enrollment Center.
- Speak to that person's supervisor, administrator, teacher, or other persons with the authority to take action.
